

VAL-CO's Backflush Water Filter for fresh, clear water.

Performance You Can Count On www.val-co.com

Worry-Free, Clean Water.

Backflush Water Filter from VAL-CO®

The VAL-CO water filter has a patented backflush system that makes it ideal for "whole-house" water filtration in homes, farms, private wells, restaurants, greenhouses, pools, spas and trickle irrigation, among other applications. It can handle up to a 40 gallon flow rate with minimal pressure drop. With just the turn of a few knobs, you can reduce suspended sand,

VAL-CO's Patented

Backflush System

silt, scale, rust, unseen particles, foul odors, even the taste of chlorine... for clean, clear water.

- Easy to install
- Easy to read stainless steel gauges
- Opaque housing eliminates bacterial growth
- Patented backflush system; reduces filter changes up to 3 to 5 years
- Fast cartridge change
- Minimum maintenance
- Unique bottom drain
